**Welcome dancers to the organisation GOLD –
Global Organisation of Line Dance**

**Version 1.3
Updated: January 2022**

INTRODUCTION

The intention of the GOLD Rules board is to simplify the rules as much as possible, but yes we do need rules.

We try to generalize as much as possible as many rules are the same for many categories. Our goal is to clarify the rules, so it is understandable for all dancers, teachers, judges etc. GOLD is an organisation created by dancers for dancers and everybody should always have a chance to influence this organisation. Everything included in the Rules is voted on democratically.

GOLD has decided to change many things, but mostly to accomodate all the wishes and requests we have heard throughout the years. There is always room for us to change things if necessary.
